Male and Female High Schools,

Greenwood, Abbeville S. C. In urging the claims of the above Institutions to public patronage, the Trustees present the following considerations: They are located in a Village well known for the purity of its water, the salubrity of its climate, and moral character of its inhabitants They are designed to afford a thorough and extensive education, conducted upon religious principles. They are supplied with chemical and sophical apparatus, a cabinet of minerals and curiosities, and other means for illustration, in the various departments of science. They will always be furnished with teachers, for whose competency in every respect, is pledged the character of the Greenwood Association and of the South Carolina

The Trustees will spare no pains to render these Institutions equal to any in the State; and while it is their aim to elevate the standard of education, ample provision will be made for the youngest pupil. A system of classification with regard to ca-pacity and attainments will be rigidly observed, thereby rendering it important that pupils enter at the beginning of the session. The scholastic year will consist of ten months and be divided into two sessions: 1st commencing first Monday in February, 2nd commencing second Monday in July. Rates of Tuition are as follows, per Session:

MALE SCHOOL. FEMALE SCHOOL. class, \$18.00 Ist class, \$1 \$15.00 1st class, 10.00 2d do 2d do 3d do 6.00 3d do 6.00 Extra-Music, French. Use of Piano,

Extract from the New York Express. It is seldom that we step out of our way to notice, either for praise or censure, the various advertised specifies of the day; and could we believe in the truth of all the certificates which are published in favor of some of them, there would be no call for our praise certainly. But from a personal knowledge of their virtue, we are willing to record our unsolicited testimony in favor of Dr. Hull's Worm Lozenges: they being in our opinion an infellible remedy for that bane of childhood-worms. Safe in their operation, easily administered, and what to us is a great recommendation in a medicine for children, they are not nauscating, but actually pleasant to the taste. We have used them in a number of cases in our family, and in each and every case with complete success; and we take pleasure in recommending them to our patrons and friends, not only as a cure for worms, but as a thorough and easily administered cathartic or purgative medicine, where such is needed, or where worms are suspected.

The above medicine is for sale at the Drug Store and at the Post Office. [Nov
